

## **NECROLOGIA**

**PAAVO ROINE 1914-1973**

Ha fallecido el Prof. Paavo Roine, expresidente de la Unión Internacional de Ciencias de la Nutrición. El Prof. Roine se graduó de Bioquímica en 1939 y en Microbiología en 1943. Fue profesor y Jefe del Departamento de Química de la Nutrición de la Universidad de Helsinki y autor de cerca de 200 trabajos científicos. Su vasta labor científica y editorial como también su colaboración administrativa en organismos científicos de su patria e internacionales le han merecido el reconocimiento de la comunidad de nutrólogos en todas partes del mundo.

Archivos Latinoamericanos de Nutrición expresa su condolencia a los familiares y colaboradores del desaparecido Prof. Roine.

## SERIE DE BIBLIOGRAFIAS SOBRE NUTRICION PREPARADAS POR LA BIBLIOTECA REGIONAL DE MEDICINA (BIREME)

Los interesados en obtener algunos de los artículos mencionados en estas bibliografías, deberán solicitarlos primero en la Biblioteca de su Institución y a través de ella por los servicios de préstamos interbibliotecarios a otras bibliotecas de la región o país. En caso de no encontrarse allí, por el mismo conducto, podrán obtenerse en BIREME (Caixa Postal 20381, Vila Clementino, Sao Paulo, Brasil).

### BIBLIOGRAFIA SOBRE NUTRICION Y OTROS ASPECTOS COMO MALFORMACIONES CONGENITAS Y DESARROLLO PSICO-MOTOR RELACIONADOS CON LOS HECHOS OCURRIDOS DURANTE EL EMBARAZO, EL PARTO Y LOS PRIMEROS AÑOS DE VIDA DE NIÑOS CONTROLADOS
